

CITY OF OREGON INCOME TAX INSTRUCTIONS

TAX RATE: The Oregon City income tax rate is 2.25%

WHO MUST FILE:

- All **residents** having taxable income, regardless of their age or where the income is earned. Unlike Federal/State returns, there is no dollar threshold for filing.
- All **resident businesses**, regardless of whether or not the business had a profit.
- Any **non-resident** with income earned within the City of which Oregon city tax was not withheld.
- Any **non-resident business** conducting business within the City regardless of whether or not the business had a profit.

WHO DOES NOT HAVE TO FILE:

- If all tax has been properly withheld by their employer, nonresidents who work inside the city do not have to file. The same is true for retirees whose only source of income is from social security and qualified pensions. If you were sent a tax form and feel you do not need to file, please call our office at 419-698-7034.

WHEN AND WHERE TO FILE:

Taxpayers who end their taxable year on December 31 must file **on or before the IRS due date**. Returns should be sent to the Commissioner of Taxation, 5330 Seaman Rd, Oregon, OH 43616.

DEDUCTIONS FOR UNREIMBURSED EMPLOYEE EXPENSES (Federal Schedule 2106):

Employee business expenses are deductible to the extent that you deduct them on your federal return (subject to 2% AGI reduction per Federal Schedule A). Such expenses are further limited to the extent that Oregon tax is paid. If you do not itemize on your federal return or if your business expenses do not exceed two percent of your federal adjusted gross income as explained on Federal Schedule A, you cannot take this deduction. **A copy of Federal Schedule A and Form 2106 must be attached or the deduction will not be allowed.**

LOSSES: Losses cannot be netted against W-2 wages. However, beginning in 2016 losses and gains from multiple schedules are allowed to be netted against one another. Any loss can be carried forward for up to 5 years to use as an offset against future profits.

EXTENSIONS: If the deadline to file cannot be met, an automatic extension will be granted if the taxpayer received an extension on his/her federal return. If an extension was

not requested or received for federal purposes a taxpayer may still request an extension to file his/her city tax by sending a request to the Tax Commissioner by the original due date of the return. **An extension of time to file is not an extension of time to pay.** Payment of any estimated tax due should be sent in by the original due date of the return to avoid a late payment penalty. Although not required by state law, a courtesy copy of the extension by the due date of the return would be appreciated. **A copy of the extension must be attached to the return when filed or the return will be considered late and a late filing penalty will be applied.**

PENALTY AND INTEREST:

- Penalty at the rate of 1.5% per month will be charged on all unpaid tax as of the original due date of the tax.
- Interest at the rate of .42% per month will be charged on all unpaid tax as of the original due date of the tax.
- A late filing fee of \$25 will be charged in all cases where a return is received by our office dated with a postmark after the due date or extended due date of the return.
- Additional penalty and interest may be charged for underpaying estimated tax. See instructions for Filing Estimated Tax for an explanation.

OTHER FREQUENT QUESTIONS:

- **College Students** – If an individual is a student attending college away from home, they are generally still considered to be an Oregon resident and should file an Oregon return on all income earned for the year.
- **Partial Year Residents** – If you only lived in Oregon during part of the year, you must file a tax return covering that time. Report the amount of income you earned while you lived in Oregon. Pay stubs with year-to-date figures or a statement from your payroll department must be used, if possible.
- **Pass-Through Entities (Partnerships, S Corporations, LLCs, etc.)** – Tax is imposed first and foremost at the entity level, based on the income that is attributable to Oregon. Resident individual general partners, members, and shareholders must then report their untaxed distributive shares on their individual return. Losses are treated identically.
- **Assistance in preparing the City of Oregon return** is available by visiting our office at 5330 Seaman Road. There is no charge for this assistance and an appointment is not necessary. Regular office hours are Monday through Friday from 8:00 a.m. to 4:30 p.m. Please call 419-698-7034 with any questions.

TAXABLE INCOME

- Wages, salaries and other compensation
- Bonuses, fringe benefits, incentive payments, severance pay, vacation pay, stipends, tip income, commissions, fees and other earned income
