3" and Larger

GENERAL

The owner or owner's representative shall submit in writing a request for any water meter 3" or larger used in a commercial or industrial setting. In addition, a detailed installation diagram shall be submitted to the Water Department for approval before Installation of any meter. No water meter will be accepted without receiving approval prior to installation.

METER SPECIFICATIONS

Meters 3" or larger shall be BADGER RCDL compound series type, capable of recording low and extended flow ranges. Registers shall record flow in cubic feet, meter shall be installed with ITRON transmitters. The transmitters will be integral, remote prewired, or pit type depending on installation need. The City of Oregon Water Department will provide contact information for programming transmitters thru BADGER METER, INC.
